

HILL HOUSE SCHOOL

27 December 2017

Dear Parent/Guardian

The Robert Winston Lectures

Following the success of the first three events in our new series, The Robert Winston Lectures, we are delighted to release seats for the next two, taking place in Lent term. The last talk will take place during Summer term, tickets for this will be released nearer the time, however, we recommend making a note in your diary.

Tuesday 23rd January – Ash Bhardwaj

Lessons Learned During a Life of Adventure – 5.30pm start time

Ash Bhardwaj is a travel writer and film maker who joined Levison Wood on his Nile, Himalayas and Americas journeys. He will be sharing stories of his adventures and the key lessons he has learnt along the way.

Tuesday 27th February – Professor Helen Atkinson (CBE, FREng)

The Future of Engineering – 5.30pm start time

Professor Helen Atkinson, the first woman President of the Engineering Professors' Council, who will discuss the challenging issues facing engineering in the coming decades.

Tuesday 8th May – Martha Holmes

The Making of Life – 5.30pm start time

Martha Holmes, producer of high end shows such as Life, Blue Planet and Life in the Freezer. We will hear about the trials and tribulations of wildlife filmmaking.

While we feel that these lectures will be particularly useful for students in Years 10, 11 and Sixth Form, we would like to welcome all who wish to meet and hear from current leading thinkers.

These events will be open to the public; therefore, tickets will be issued on a first come/first served basis. If you would like to attend any of these lectures, please complete the attached reply slip and return to the office by Friday 12th January.

If you have any queries, please do not hesitate to contact me at school.

Highlights from the first three lectures can be found on our YouTube channel.

I hope to see you there for what will undoubtedly be a wonderful event.

Yours faithfully

Miss J Chappell
Assistant Head of Sixth Form

FAO: Miss J Chappell - The Robert Winston Lectures
