MISSION STATEMENT

Hill House School exists:

- ▶ To provide high quality independent education in a supportive, congenial and family-based community.
- ▶ To help develop the academic and other talents of each student in order to educate the whole person, within a framework of encouraging, and disciplined pastoral care.
- ▶ To make the pursuit of excellence and the provision of outstanding opportunities central to every aspect of the school's work.
- ▶ To enable our children to be confident, capable, considerate and compassionate people, who develop into adults with independent minds and a proper sense of values, service and responsibility.

INTRODUCTION

Parents should feel free to discuss matters concerning their child at any appropriate time. It is better for us to know of any worries than to be ignorant of them.

At Hill House, staff provides good lessons, a full education and look to develop the skills and character needed to be fulfilled, both at school and in later life.

Pupils join in this process by working hard, following the rules of our community and above all by showing respect, care and consideration for others.

The school has policies for all aspects of school. Key policies are included in this handbook. If you would like to see any other policies, please ask at the School Office.

IF A PUPIL IS WORRIED

Bullying is any action or behaviour over time which causes one to feel frightened, threatened, hurt or damaged in any way. Hill House does not accept any form of bullying.

If a pupil is worried about something, they are encouraged to talk to someone – Prefects, Tutor, Class Teacher, Headmaster, Deputy Head, Head of Juniors or any other member of staff. They are also encouraged to talk, telephone or write to one of the following:

- Parents
- Child line 0800 1111

There are also concern boxes around school where pupils may leave notes for SMT members to read and act upon.

MEDICAL CARE AND MEDICINE

- If a child is unwell or has an accident in school, then the parents will be informed by telephone. If the parents are not available one of the emergency numbers you gave the school will be contacted.
- The school seeks written permission to deal with any pupil in an emergency.
- Any minor ailment or injury is dealt with in school. Certain members of staff have been trained and qualified to administer First Aid.

- Younger Asthma sufferers must give their medication to their form teacher. Senior School children should keep their inhalers with them at all times. A spare inhaler should be stored in the school office and exchanged regularly to ensure it is in date.

HEALTH AND SAFETY

- Fire drills are carried out on a regular basis
- Risk assessments are carried out and updated on all aspects of school life on a regular basis and steps taken to resolve any issues or concerns.
- Hill House has a procedure to deal with a lost child.
- The Health and Safety at Work Act makes it a criminal offence to interfere with safety equipment or otherwise to put at risk any member of the school, whether pupil, teaching staff or workman, etc. Pupils must behave responsibly at all times by showing concern for personal safety and for the safety of others, and by always behaving in a reasonable manner. This includes using all facilities with care. Specifically, pupils must:
 - Follow the instructions given;
 - Always use the correct tools and equipment and use safety equipment and protective clothing when appropriate.
 - Keep tools and equipment in good condition and report any defects in plant and equipment to the teaching staff.

Pupils are accountable to teaching staff for their actions on school premises. They can assist by suggesting ways of eliminating hazards, and must always report accidents causing injury, damage, loss or any dangerous incidence to the member of staff in charge.

CONDUCT

- The reputation of the school and its members depends on the conduct, manners and appearance of each of its members. These personal qualities are developed at school, but our efforts need to be supported at home. Your help is much appreciated.
- Discipline and reward systems are in place and are designed to offer positive reinforcement to the children. Should the need arise, there is an agreed procedure to discipline a child and to ensure that parents are informed.
- School rules are kept to a minimum and children are encouraged to work hard and behave sensibly, responsibly and with good manners.
- At the end of the school day all pupils are expected to leave school premises correctly attired in full school uniform. In special circumstances, and upon request, the Headmaster may grant permission for individuals to leave in casual clothing. Behaviour and dress, to and from school, must be exemplary.

Younger pupils may be given a 'Bus Buddy', a responsible pupil from the senior school to ensure their journey is an enjoyable one.

For EYFS, parents will be made aware of the procedure for transporting their child to and from school and be asked to sign an acceptance form. This will make it clear when parents' responsibility for the children commences and ceases. This will usually be when they are met or delivered to the vehicle and handed over to the school staff at the various pickup and drop off points.

Any pupil who misbehaves on school transport can cause unpleasantness, inconvenience, and danger. Misbehaviour on school transport can lead to a student being banned from using school transport, either temporarily or permanently. Seatbelts must be used at all times on school transport and full risk assessments are carried out to assess the levels of supervision needed.

For EYFS children records about vehicles in which children are transported, including insurance details and a list of named drivers are kept.
