

HILL HOUSE SCHOOL

MB/vm

20 September 2019

Dear Parent/Guardian

A Level Biology Revision Guide and Workbook

In order for students to be better prepared for their A level Biology exams and consolidate learning throughout the course, I recommend students purchase a revision guide and workbook. I recommend CGP Revision Guides and Workbooks and the school is able to purchase these at discounted school prices.

All students have already been given an A level Biology text book, to supplement home learning, I recommend parents purchase the following product bundle from CGP:

- Complete Revision and Exam Practice A level Biology Bundle: OCR A Year 1 & 2 (BRARQB71).

This bundle includes an essential Complete Revision & Practice guide and matching Exam Practice Workbook

The total cost is **£14.00** (retail price is £25.00)

If you would like to purchase this revision guide and workbook, then please complete the electronic slip before Friday 27 September 2019. The cost will be added on to your termly bill.

Students have been provided with lots of electronic resources to support home learning and have a detailed breakdown of the OCR A level Biology course. It is vital that students undertake significant independent study and keep up with all the course content that need to be understood and learned.

Yours faithfully

Mr M Brannan
Head of Science
