

## HILL HOUSE SCHOOL

JR/sw

29 November 2019

Dear Parent/Guardian

### **Year 6 and 7 Military Training Fitness programme – Tuesday 17 December 2019**

I have been approached by Mr Jon Reynolds, Managing Director of Military Training Limited and parent at Hill House, seeking assistance from our Year 6 and 7 pupils.

Mr Reynolds' company is creating a classroom-based fitness programme, to distribute to a network of schools, across the United Kingdom. He is looking for approximately five young people to take part in this venture, performing a range of chair-based exercises, to be filmed for the video. Essential for this, is the child's ability to perform in front of a camera and to be able to physically endure a range of up to 70 exercises, lasting approximately 20 seconds each.

Filming would be on an agreed date, before Tuesday 17 December, but not during school hours. The studio is in the grounds of St. Catherine's Hospital, Balby. Pupils should not take or use their Hill House sports kit (except for trainers) as a generic kit will be provided.

As this is not a Hill House event, you would be responsible for taking your child and supervising them, for the duration.

If your child is interested, please contact Mr Jon Reynolds, directly, on 07725402540 and liaise with him.

For any further information, please call Mr Reynolds, who will be only too happy to hear from you.

Kindest regards

Mr J Ross  
Head of Drama
